

Want to get more involved? Become a Governor

Do you have a particular interest in mental health, learning disability or drug and alcohol services?

Do you have a few hours to spare each month to help us shape the future direction of these services in Surrey and North East Hampshire?

If so, why not consider standing for election as one of our Foundation Trust Governors?

We have 11 vacancies on our Council of Governors and are keen for enthusiastic people to nominate themselves to represent the interests of those who either: live in Hampshire; use our services; are a carer; are a member of staff (as a therapist, social worker or health and social care assistant).

Governors are in a position of considerable responsibility. They represent the interests of 8,000 Members, and partner organisations, in the local community and hold the board to account for the Trust's performance.
