Surrey County Council want to make a DVD to be used for training its staff. They would like to interview members of the Minority Ethnic community about their thoughts on the services the Council provides. Filming will take place either Sunday 18th or Monday 19th April with a very small friendly crew and should take no more than an hour of your time at a location convenient to you. Please [read on>>](#) for more information about the DVD and for contact details to volunteer for filming.
